## Caravan To Mexico Aids Orphans

ANAHEIM — Another caravan sponsored by the Aid To Baja, Inc., with clothes, toys and food for orphans in Mexico left last weekend under the direction of Hal Jones of Anaheim.

According to Jones, many items such as children's shoes, food, clothing, blankets, medicine, vitamins, tools, toys, soap and transportation are still needed. Also needed are persons to help sort the donations and go to Mexico with future caravans.

Items can be left at the Earl of Plumbing Shop at 1533 W. Lincoln, Anaheim. More information can be obtained by calling Hal Jones at 772-3470.

Among those providing help now are Mr. and Mrs. Steve Bartolone of Anaheim, who have given many baby items and Mrs. Mary Bartling, who has helped in getting shoes.

## Fire Causes \$4800 Loss To Home

PLACENTIA — On Tuesday, January 4, the Placentia Fire Department responded to a report of a house on fire at 512 Ruby Drive, owned by Joseph Rosauer.

An excited 6-year old neighbor first reported the fire at 4:04 p.m. The first arriving engine found the house full of smoke and the fire spreading rapidly. Fire Chief Jim Sims commended his personnel for their quick actions in halting the fire and stopping further damage.

Fire investigators, who estimated the loss at \$4,800, said the blaze was probably caused by an electrical short and a contributing factor may have been an overloaded circuit.

Fire Chief Sims said that nearly 50 percent of our fires are caused by electricity and urged all citizens to "take care" in the use of electricity.

Preparing to leave for Mexico with a load of food and toys for orphans around the Tijuana area are, from left Mary Bartling, William Schnell, David Bartling, Mary Beth Miller, Tim Miller and Mrs. Hal Jones, all of whom represent Aid To Baja California, Inc. The Millers are children of Mrs. Celine Miller of Anaheim and grandchildren of Mrs. Jones.

## Market Manager Foils Attempted Armed Robbery

YORBA LINDA — An alert market manager foiled a would be hold up attempt last Friday morning. Hero in the incident is manager Lou McCullough of Von's Market in the Country Club Shopping center in Yorba Linda.

According to Sgt. Mann of the Brea Police Department, the two men, flashing an authentic Los Angeles Police badge, entered the Vons market around 8 a.m. Friday. Approaching the first person they met, the suspects announced that they were investigators who had information that there was to be a holdup, and they asked to see the manager.

The man they were speaking to, unknown to the suspects, was the manager, Lou McCullough, who did not identify himself, left the two in the shipping area near the back door and went to the front alerting his employees, and contacting the Brea police at the same time.

In a matter of seconds, Brea Police arrived on the scene. One man stationed himself outside the rear door. When the police entered the front door, the manager directed them to the rear

room where the suspects were waiting. One suspect dropped his 357 magnum and fled out the rear door into the hands of the waiting policeman. The second man attempted escape through the front of the store but he was apprehended by another policeman.

What the suspects did not know is that the market Manager McCullough is a former police officer, and a very observant man.

Brea Police recovered the suspect's vehicle, which was stolen in Tucson, Arizona. The vehicle was equipped with California 'E' type plates stolen from a state owned car.

Brea Police have in custody, charged with attempted robbery and auto theft, Carl Clifford Craig, 29, from Duarte, and Kazuo George Ozeki, 28, Los Angeles.

Arrestment was Monday in North Orange County Court in Fullerton.

by Joe Garland and "Granada" by Augustin Lara. Janet Hopper, a senior, performed at the piano. Her songs included Allemonde and Gigue from French Suite No. 5 by Bach, Beethoven's Pathetique Sonata and Nocturne opus 9 No. 1 by Chopin.

According to the club president, Mr. Frank Koppala, there will be a surprise musical performance by a talented student at each meeting. Parents of band and

Jones will be on inactive service until the end of May, according to Leon Baden of the Mutual, and then will enter on full retirement. Jones is a well known Placentia resident.

## Round Table Holds Arts, Craft Display

Art has many forms, as noted at the Brunch and Art display at the Round Table Clubhouse recently. The works displayed were a part of the Arts and Craft section of the club and paintings were by individual members.

Two large landscapes, done in delicate colors and beautifully framed, the work of Mrs. Helen Crismore of Placentia, attracted much attention. It was generally felt by members that those who were voting on what was to win, were more interested in the smaller arts and crafts work of the members.

The voting was by popular vote of those present and winners were Mrs. Dorothy Travis for the rug she made, as first prize; second went to Mrs. Ardeth Hansen for her dried flower picture and third place was a tie between Mrs. Ann Becker for her unusual Christmas tree and to Mrs. Crismore for her painting of a Navaho Chief. These articles will represent the local Round Table club at the District-Art show to be held at the Ebell Club in Fullerton on January 26.

## Health News...

## Why Do You Suffer From Your Headache

Fifteen million Americans suffer from headaches every day. Why? We approached Dr. Don Brinkley of the Brinkley Chiropractic Offices and frequent lecturer on the subject of headaches, on that big "WHY" regarding headaches.

"Well, technically, most chronic headaches are due to irritation and compression of the upper spinal nerves," the prominent doctor states, "but when you talk headache, you could spend an hour discussing various technical and medical aspects and they'd still all boil down to one thing: Pain."

"But to stick with the 'why,'" says Dr. Brinkley, "you must realize that headache is part of the symptom complex in many diseases. However," he points out, "most chronic or recurring headaches at the base of the skull and upper neck are caused by irritation of the upper three spinal nerves."

Dr. Brinkley notes that the spinal nerves which supply the scalp may be compressed or irritated by a slightly displaced spinal segment which partly occludes the spinal opening through which the nerves exit the spine.

"This type of chronic headache at the base of the skull may radiate pain to the top of the head and the temples," says Dr. Brinkley. "It is usually accompanied by tender spots in the scalp, upper neck and at the base of the skull." He adds that it may occasionally be accompanied by dizziness and nausea and thereby confused with other types of problems.

"The upper three spinal nerves may also be irritated

or compressed by postural decay of the upper spine," Dr. Brinkley notes. "In this case the scalp and neck muscles are constantly pulled to a critical tension against the spine and skull...excessive and prolonged muscle tension compresses the delicate nerves which lie between the skull and the scalp muscles."

Dr. Brinkley is quick to state that all this talk of headaches is always overshadowed by pain experienced by the sufferer. "You can't do much for a headache by just talking. The person who has a painful headache, especially if it's a chronic condition, wants and needs effective treatment."

**FOR INFORMATION ON HEALTH PROBLEMS CALL THE CHIROPRACTIC HEALTH INFORMATION BUREAU 525-0293 AND ASK TO SPEAK TO A DOCTOR OF CHIROPRACTIC.**

It should be remembered that all serious headache problems start with a first one, then another, then another until the condition is chronic. "Talk to a person who suffers from recurring migraine attacks and you'll seek effective treatment of your first headache," says Dr. Brinkley.

Of course, most of those 15 million daily headaches get a pain pill treatment. "It's so unfortunate the public is oriented this way," says Dr. Brinkley. "These self-treating habit forming potents are simply delaying final action on a headache. They offer only temporary relief and obviously do little if anything toward correcting the basic cause of the headache."

"Why" the headache? That question has been answered.

"Why not effective treatment?" That question is up to you.

## W.T. Grant Stores To Reduce Many Prices

W. T. Grant stores across the nation dramatically have rolled back prices on between 500 and 1000 everyday family needs items, depending upon the size of the store. "This is no limited period effort," stated Ed Simanis, manager of the Grant store at Crossroads Shopping Center in Fullerton. "We will maintain our lower price policy on 'Grants Fights

Inflation" merchandise just as long as the inflation crisis is with us. It is our contribution to President Nixon's effort to get our nation back on prosperity level where it belongs," he said.

The store spokesman noted that the merchandise involved is all first quality goods from Grant's regular stock, including many items nationally advertised at higher prices. Every item will be identified by a bright orange label.

Grant corporate officials, noting that everyone talks about inflation but no one really does very much about it, stated that the Company was not content to merely hold the line on prices as the President has asked. "We're taking our prices down to help get our economy up!" they declared.

## Wilsons Are Snowed In At Crestline

Mr. and Mrs. William Wilson and family of Hamer Drive, Placentia have returned home after four days spent snowed in at Crestline. They report the scenery beautiful but that they are happy to be back home after their "winter wonderland."

However, the visit to the snow was made more enjoyable for the Wilsons as they had as their guest Marianna Falkenberg of Finland, the exchange student now studying at El Dorado High School. Miss Falkenberg found the blizzard "beautifully mild."

## Schedule For Tests Announced

## Yorba Linda Cinema Sets Grand Opening

Film and TV star Debbie Reynolds and internationally-known actor Glenn Ford, currently star of the high-rated 20th Century-Fox Television series, "Cade's County," on CBS-TV, will officiate at the Grand Opening ceremonies of United General's newest mini theater in Orange County.

Miss Reynolds and Ford will cut a strip of celluloid movie film officially dedicating the Yorba Linda Cinema in the Corssroads Shopping Center on Yorba Linda Boulevard, Fullerton, on Saturday, January 15 at 8 p.m.

Numerous civic officials as well as the general public have been invited to be on hand for the festivities which will also include drawings for valuable door prizes of merchandise and theater passes, searchlights and other activities. Theater manager Walter Burgess will ask the visiting VIPs to place their hand prints in special concrete slabs which will become a permanent part of the 5,000 square-foot cinema.

The new, completely automated, 325-seat theater will offer the finest in family-type films at greatly reduced admission prices, report Leisure Resources owners Ronald Mrachek and Jim Carnel.

Manager Burgess, a native of California, has extensive

theatre and music background. He managed operations for the armed services and recently was circuit manager for Edwards Theatre circuit in Orange County. He lives in Huntington Beach with his wife and two children.

The affair was held at the King Wong restaurant, 105 N. Bradford Ave., Placentia.

## City Program To Aid Fire, Rescue Victims

A program to provide pastoral counseling to victims and families of victims at the scene of major fires or rescues has been instituted by the Placentia Fire Department and the Placentia Ministerial

Association.

Under the program fire department chaplains will be designated on a rotating basis, 24 hours a day, to be on call when needed, according to Fire Chief Jim Sims.

In the past priests have been called for Catholic families but no such service has been provided on a regular basis for Protestants.

Pastors participating in the program on a regular basis now are: Tom Lane, Jim Thompson, Stan Jones, Tony Rausch, B. E. Gebhart, Bert Lewis, Erwin Walz, David Brostrom and Norman Supanchek.

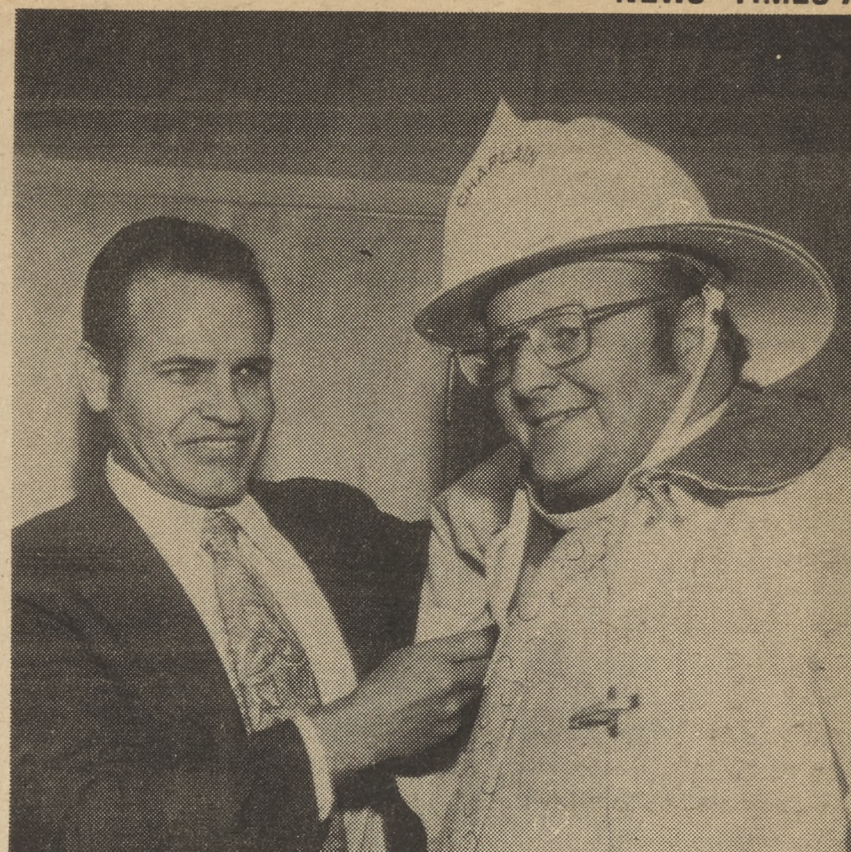

Placentia Police Department will be performing the safety check. A Safety Trailer Van from the Automobile Club of Southern California will also be on hand. A license for bicycles can be purchased for 25 cents.

## Council Meeting Scheduled

Mrs. John (Peggy) Barnes, president of the Placentia Round Table, Mrs. Henry (Jane) Rissi and Mrs. Henry (Toni) Henley will be in attendance at the Orange District Council Meeting January 14 at the Santa Ana Elk's Club with the Woman's club of Cypress as hostess.

Mrs. Wallace Bagley, president of Orange District Federation, will open the session at 10 a.m. and speaker will be Mrs. George W. Sayer of Tulare, California Federation of Women's Clubs Gerontology chairman. Mrs. Sayer has been heard locally by club members.

The Council meeting is an important one, according to Mrs. John McNutt, publicity chairman for the Orange District, as plans will be discussed concerning both the District and State Conventions to be held in the Southland early in April.

Placentia Fire Chief Jim Sims, left, decks out Tom Lane, associate pastor of the Placentia Presbyterian Church, in gear symbolic of his participation in the fire department chaplain program.

## Ernst Bottle Collection On Display At Library

Two young Placentians, Ken and Steve Ernst, are presently exhibiting an unusual collection in the display case of the Placentia Library. The boys collect old bottles and are budding

experts on the various processes of bottle manufacturing.

The bottles on display are quite old, most dating from the turn of the century. Steve and Ken have supplied a brief explanation of each specimen -- type of bottle, how manufactured, special features, and approximate date.

The Ernst boys chanced to discover an interesting looking bottle several months ago in a dump near their home. This grew into a collection of approximately 80 items, most of which were discovered in local abandoned rubbish dumps. About one-third of their collection is in the display case at the Placentia District Library.

Included with the display is a bibliography of sources which Ken, age 10, and Steve, age 13, have found helpful.

If you have a hobby that you would like to share, the Placentia Library would like to display it. We would like to keep each display at least two weeks and would discourage only collections of exceptional value.

Steve and Ken Ernst go over their display of bottles which is now on display at the Placentia District Library. The boys have collected the bottles from local abandoned dumps over the past few years.

## Volick Family Spends New Year At Tahoe

Mr. and Mrs. Edward Volick and children Tom and Kathy, 224 Hudson, Placentia, spent the New Year Holiday in the scenic winter wonderland of beautiful Lake Tahoe. Before arriving at their destination the Volicks

stopped at Pollack Pines where daughter Kathy spent the four days with former neighbors of the Volicks, Mr. and Mrs. Jim Walker and their family.

The Volicks then went on to the Red Carpet Hotel on the Nevada side of Tahoe, but son Tom stayed at Heavenly Valley and enjoyed the full time skiing in the world renowned ski area.

The Volicks report that the casinos were packed full and the shows were complete sell outs.

Patton passed away on December 16 but every effort was made by the Bradford station to be of service in every way including accompanying Mrs. Patton to St. Jude Hospital.

## Mrs. Starr To Meet With Tree Growers

Mrs. Kay Starr, known as the Christmas Tree lady to many young folk in the area, will be in Sacramento January 15 and 16. Mrs. Starr, whose tree plantation covers four acres, will take part in the California Christmas Tree Growers Association meeting.

Mrs. Starr reports that the association, a non profit organization, will discuss new bylaws, articles of incorporation and will have an address by a well known tree fancier.

## Art Students Hold Program For Hospital

A music and dance troupe from the California Academy of the Arts presented a Christmas program for residents of the Fullerton Convalescent Hospital recently.

The young group was asked to bring a little cheer to the older folks by the Yorba Linda Junior Women's Club, with Mrs. Donald Spackman as program chairman. The performers were under the direction of Marjorie Short, director of the Academy, with Rosemary Clifton, staff ballerina, and Lee Aronson, staff guitarist, assisting.

Those presented were dancers Jessie Roth and Carle Clifton; pianists Mark McKay, Tim O'Brian, Gayla and Rona Musgrove; guitarist Jeff Carpenter; and staff guitarist, Lee Aronson.

## Round Table Club Seeks New Members

"It is time for obtaining new members for the Placentia Round Table Club," stated Mrs. William (Barbara) Keneipp at the Brunch meeting recently at the club house.

Mrs. Keneipp will open her home for a membership drive on January 18 with a coffee hour at 10 a.m. She lives at 2037 Teodoro St., Placentia and urges all present members to bring at least one prospective member to the coffee hour to learn more about the work in civic, social and philanthropic activities of the club.

## YL Society Invites Public To Services

How is life actually sustained? This is a question to be examined Sunday at Christian Science church services.

"Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God," a passage from Matthew reads in the Bible Lesson-Sermon on "Life."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy, this citation will be read:

"Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and Life."

Services at Christian Science Society, Yorba Linda, Olinda Street at Imperial Highway, are conducted by Hal Le Sieur, the First Reader, and Mrs. Mary Richardson, the Second Reader. The Sunday services begin at 11 a.m. Everyone is invited to attend.

## Looking Outdoors

by Jim Niemiec

Freezing temperatures, snow and rain have forced thousands of ducks into Southern California. Fish and Game officials and hunters report more birds on the lakes in the Southland than at any other time in recent years.

There are just a few days left to enjoy duck hunting as the season ends in Southern California for ducks on January 16.

### DUCK HUNTERS WANTED

If you are looking for a good place to hunt ducks, the recent rains have ended any further searching.

Prado Basin, on the outskirts of Orange County, has been flooded and water now covers more than 2,000 acres of fertile bottom land. The flood control basin for Orange County has never been open to public hunting and has been a resting and feeding lake for thousands of ducks during years when ample early rains build up behind the dam.

There are more than 10,000 sprig, widgeon and mallards on the lake and more are arriving daily. There is also a good representation of other ducks on the large impoundment, including the prized canvasbacks and redheads. Canadian honkers also drop on to the lake for a rest.

Mike Raahauge, manager of the Linc Raahauge Pheasant Hunting Club in Corona, has leased the 2,000 acres and has opened it up to unattached duck and goose hunters on a daily fee basis.

Due to the size of the lake, a boat is necessary in order to get out to the areas where the birds are working. Boats should be no less than 12 feet in length and well camouflaged in order to avoid spooking the ducks. Motors are allowed on the lake but should not exceed 10 hp.; bring plenty of extra sherpins too.

Decoys are helpful but should be rigged with very long lines, as the average depth of the lake is more than 10 feet. Pull your boat into the dead trees and stay down until the birds have worked within shotgun range. Most of the shooting will be pass shooting at birds about 35 to 50 yards out and a 3-inch shotgun with full choke is highly recommended.

Raahauge is opening the gate daily (1 mile past the junction of Hwy. 71 and 83, going northeast on Hwy. 83) at 5:30 a.m. A nominal daily fee is charged per hunter and boats can be launched within 50 yards of the lake.

The hunting area can easily shoot more than 100 hunters without being overcrowded; in fact, the more hunters on the lake the better. This will keep the birds moving. For more information on the duck hunting club and hunting instructions, phone (714) 735-2361.

### IRVINE LAKES SET OPENING DATE

Irvine Lake will officially open its 1972 season on Friday, January 14. The lake is one of the most popular trout and bass lake in Southern California and offers Orange County anglers a chance at catching some trophy size fish. The lake will be heavily stocked prior to the opening and a large turnout is expected. For opening weekend reservations, phone 633-1520.

John Moore, manager at Anaheim Lake, says that trout fishing is holding up despite bad weather. Hardy anglers are creeling nice limits of stocked rainbows with very little effort.

Vail Lake also reports good trout fishing with a fair number of bass also being hooked by experienced anglers. Both crappie and bluegill action is also rated as good according to manager Dave Brownell.

## ACT Test Dates Set For Valencia Students

Three Saturday mornings during the next several months could be especially important to many Valencia students who are undecided about their future or are interested in vocational-technical education after graduation.

February 26, April 22, and July 15 are the three times during the remainder of the present academic year that students will have an opportunity to take the new ACT Career Planning Profile on a "national date".

The ACT Planning Profile, which takes about

3½ hours to complete, is a three-part examination and questionnaire that assesses a broad range of vocational interests and abilities. It forms the basis of the new national guidance program, ACT Career Planning Program.

Registration periods for the 1971-72 dates on which the assessment profile will be administered on a nation-wide basis are February 26, November 29 to January 31, April 22, February 14 to March 27; and July 15, April 10 to June 19.

## Astro-Nibs by Arthur L. Drake (A STATISTICAL MEASUREMENT OF ASTROLOGY)

Greetings! - Sign of Taurus (The Bull) For those born April 21 through May- 20) According to Astrologers, perseverance is your chief attribute and perhaps that is where the "bull-headedness" reigns. "Astronibs" will provide the statistics and it's up to you readers to do the measuring. This is the second of a 12-part series on Major League baseball stars. Last week we provided two complete All-Star lineups comprised entirely of Arian-born players; this week we offer the best of the Taureans.

PLAYER	BIRTHDATE	POS	TEAM	BATTING 1970	BATTING 1971

There were 64 Taurus-born players listed on Major League rosters as the 1971 season began. In addition, three managers were of this sign: Billy Martin, Tigers; Frank Lucchesi, Phillies and Dick Williams, Athletics. What a great job these three have done. In addition, there were nine coaches...Yogi Berra, Mets; Ken Boyer, Cardinals; Dick Howser, Yankees; Fred Koenig, Angels; John Roseboro, Senators; Ken Silvestri, Braves; Ozzie Virgil, Giants; Rube Walker, Mets and Mel Wright, Cubs. (Here I must notice the names of several former greats of the catching ranks whereas Taurus-borns presently catching are not of the top calibre.) Finally, there were seven Taurus-born Major League umpires this past season, six in the American League and only one in the National. George Anthony, Nestor Chylak, Louis DiMuro, Red Flaherty, Larry McCoy and John Rice for the AL; Ed Vargo for the NL. And there it is....and so for the late April and early May born, pit your team against the other eleven and compare your fortunes during 1971 with the foregoing.

Next Week: "Astronibs" will provide the Gemini's with their magic moments. Whereas the initial columns are reflecting baseball statistics, with your encouragement we'll expand to include other sports, movie and TV celebrities, politicians and we might even carry this thing unto the signs of the FBI's most-wanted. Remember! We're not astrologers and can predict nothing....all we seek to do is to help you evaluate.

# LOW PRICES ARE PRICES

We invite you to compare  
our price and our quality.

Take a look at our prices. Ralphs has about 15,000 items and they're all marked at Ralphs famous low everyday prices—even the hard-to-find delicacies. We honestly believe you can't do better at any other supermarket.

Then check our quality. And be a tough judge. Ralphs guarantees every single item you buy, whether it's meat, produce, deli, dairy, bakery or anything else. You must be completely satisfied with what you buy at Ralphs or we will cheerfully refund your purchase price. That's a promise.

## El Dorado Wrestlers Take Fourth At Neff

With another impressive tournament showing under their belt, El Dorado's Varsity and Junior Varsity wrestling teams open Orange League action against the Wildcats from Brea, Thursday.

Bringing home a trophy for their efforts, El Dorado's Varsity wrestlers captured fourth place at the Neff Tournament last Saturday. El Dorado finished with 73 points, just six off the second place finisher Leuzinger.

Individually the Hawks did an outstanding job as the El Dorado grapplers

took first place in their divisions. Mike Fleming, in the 98 pound weight class, and Lindsay Thompson, in the 115 division, defeated all opponents; while Steve Hymns, at 106, and Tim Perkins, in the heavyweight division, placed third. Tim Walstrom, at 123 and Joe Varada, at 157, finished in fourth place to complete the Hawks scoring.

El Dorado's good showing in the Neff Tournament took some of the sting off the Hawks loss to Mission Viejo last Tuesday, by a score of 35-25. This was the first dual meet loss this season for the Varsity.

## Japanese, American Gymnasts To Meet

For the first time in the world of gymnastics, Japan will meet the United States in an international dual meet. SCATS (Southern California Acro Team) and the 1971 NCAA Champions

from Cal State College at Fullerton will host the meet between the Japanese Olympic Team and the American Women's All Stars on Friday, January 14, at Cal State Fullerton.

A world figure in gymnastics and winner of the World Cup, Cathy Rigby, will highlight the first day of the meet against the Women's Japanese team.

## Troy Falls To La Habra Highlanders

For three quarters the Troy Warriors had highly touted La Habra on the ropes. But Troy could not withstand the Highlanders' furious fourth quarter rally and succumbed 74-68 before a packed Fullerton Junior College Gym crowd and Southland television audience Saturday afternoon.

With two minutes left in the third period, Troy held a 51-41 edge and it looked as if the Warriors were well on their way to upsetting the unbeaten and number three ranked Highlanders. Then the roof fell in and Troy went scoreless in the next four minutes while the Clan ran off 17 unanswered points.

On Tuesday, the Warriors defeated Lowell 61-57 in a rather sloppy game.

Next week the Warriors, now 1-1 in League and 7-4 overall, take on Kennedy and Savanna.

## Hornets Win Two For Lead

Fullerton Junior College bounced to the top of the South Coast Conference race last week.

After crushing both Santa Ana and San Diego Mesa, the Hornets host pesky Orange Coast tonight at 8 p.m. Saturday, the hoopmen meet San Diego City College at home.

With only 12 conference games, each game is a must for the Hornets who now post a 14-2 record.

6-1 guard Bard McNamara is leading Orange County in scoring with a 24.9 average. Against Santa Ana, McNamara scored 18 points to lead the team to an 87-67 rout. Forward Bill Boyd had 16 and guard Rick Abernethy, 15.

Against San Diego Mesa, FJC had their best offensive effort of the year scoring 123 points to San Diego's 78.

## Cal State Overcomes Chapman By 128-86

Cal State Fullerton travels to UCR Friday to meet the Highlanders in CCAA action.

On Saturday, the Titans host defending league champs, San Fernando Valley. Valley beat Cal Poly (SLO) last week while Poly beat CSF the night before. Also, UCR beat Valley on Saturday; therefore, UCR is the team to beat for the CCAA crown.

After losing the CCAA opener to San Luis Obispo 91-82, Fullerton bounced back and smashed Chapman, 128-86 on Saturday, January 8.

Against Cal Poly, Fullerton made three rallies that all fell short. Art Jones led the team scoring 31 points and bothered the Mustangs with his clever passing and dribbling.

## Valencia Tigers Win First League Games

Inching over University High School 45-44, Valencia Tigers pulled their second league victory in Friday's game.

Richard Hightower was high point man with 16 points and ten rebounds. Craig Caldwell was second man with 12 points and Dane Ilertsen was third with eight.

## Frosh-Soph Wrestlers Beat Sonora

Powering over Sonora High School, Valencia frosh-soph wrestlers won 66-24 in their match January 6 at Sonora.

Frosh-soph wrestlers don't have a real league as is, but they do wrestle from time to time.

Coach Charles Fraser said that Glen Ozima did an outstanding job for the Tigers.

Monday varsity wrestlers went against Santiago High School in the VHS gym, score not available at press time.

El Dorado player goes for a score in the first league game of the year against Brea, won by the Golden Hawks 78-65.

## El Dorado Wins Over Brea For 10-3 Mark

In a game of the two strongest contenders for the Orange League Championship, El Dorado's Varsity basketball team faces their sternest test this year when they travel to Valencia Friday to battle the highly touted Tigers.

Through last week's games, the Hawks had compiled an impressive 10-3 record, including a 78-65 win over Brea last Friday night in the Hawks' first league encounter. El Dorado traveled to Saddleback Tuesday in another important league game.

El Dorado's easy victory over Brea showed one of the strong points that this year's team has as opposed to

previous Hawk teams; balanced scoring. Against Brea, all five starters were in double figures with Tony Madau leading the way with 21 points, followed by Mike Farra with 18, Mike Moore with 13, and Gary Brunett and Jeff Van Winkle each scoring 11 points.

An example of the kind of balance the Hawks have is the fact that, during the three tournaments the Hawks participated in during vacation, all five starters made at least one All-Tournament. El Dorado's hopes rest with the belief that no team will shut off all five players in one night.

Most people feel they need a good reason to have a portrait made.

Of course the best and most popular is the desire to give the gift of yourself to someone you love - whether it's between parent and child, husband and wife or sweethearts.

There are several special times, however, when you should have a portrait made - not only for a gift today but "for the record." A picture that will be handed down as a special gift to those grandchildren, great grandchildren, nieces, nephews and distant cousins who want to know how their ancestors looked.

This is a goodtime to suggest -- always write the name and date on the back of every portrait you have made. Have you ever faced a pile of old photographs wishing you knew who they were?

Of course, baby's first portrait should be made sometime during his first year.

The age from 3 to 5 is the most charming time to photograph a child and one that is usually missed.

Then from 7 to 10 - after permanent teeth are in and up to early teens before braces go on, I know you have "school pictures," but a custom portrait is different and special.

Then there are senior portraits, graduation and wedding pictures.

After that we go by two's and groups - the young marrieds, the family groups, and the anniversaries, 25th, 35th and 50th.

We'll discuss some of these special times in future columns, meanwhile remember, any time that you are in the mood for it is a good time to have a portrait made.

Cutting the ribbon at the opening of the new Valencia Bank are, from left, Gene Hobday, bank vice-president; Placentia Mayor Robert Finnell; Donald Pierson, superintendent of banks; Ray L. Smith, bank president; Sam Ketchum, executive secretary; and Edwin T. Powell, Placentia city administrator.

## Valencia Bank Is Now Open

Valencia Bank, newest independent community bank in north Orange County, opened its doors January 3 with the symbolic ribbon being cut by over 100 stockholders.

Ray L. Smith, bank president, was joined by members of the board of directors and the bank advisory board, and welcomed the stockholders as well as the many well-wishers who visited the new premises.

A Hawaiian theme was carried out with tropical fruit served as part of the refreshments, and all officials and employees wore Hawaiian leis to add to the festive atmosphere.

The bank is offering many gifts and prizes as part of their opening celebration, among which are three trips to Hawaii for two, a Greek Surf Board, dinners for two at several of the well-known restaurants in Orange County, Don Ho Albums, and other prizes which will be awarded through a drawing to be held later in the month.

Valencia Bank is taking the lead in offering many special services to its customers. Included in these are free checking accounts for Founder's Accounts and Senior Citizens; no minimum balance required for the foregoing, extended banking hours, Saturday banking, and many other services which will add to customer convenience.

Valencia Bank will service the communities in north Orange County, and offer financial stability and counselling for its depositors. The new office is located at 500 W. Chapman Avenue, Placentia, two blocks east of the Orange Freeway.

## Baby Born To Gerace Family

Nicole Barbara Gerace, 10 pounds, 14 ounces, was born January 4 to Mr. and Mrs. Raymond Gerace, 1900 Frederick St., Placentia, at St. Jude Hospital.

The family has one other child, Mary Josephine, 20 months. Her grandparents are Mr. and Mrs. Cosimo Gerace and Mr. and Mrs. Joseph Steubeck.

## VHS Students Attend FJC

Building bridges is the goal of educators at Valencia High School, according to Dr. David Tansey, principal, and his assistants. The bridges are of the human kind and will extend from the classrooms of Valencia High School to the classrooms of Fullerton Junior College. The full title of the course of action is "Operation Bridge Technical Education Division Spring Semester."

Briefly stated, if a student has a particular aptitude for certain skills and subjects, and has already had early training in such a study, the bridge can be crossed into a higher level of classes at the FJC.

Some students are taking advanced work at FJC while

completing their high school requirements for graduation.

It is understood this method of bridging an educational gap prevents a lag in the 11th and

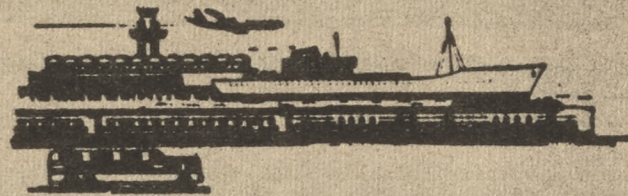

especially in the 12th grade students, and acts as an incentive to go on with educational progress into higher and sometimes more lucrative employment in later years.

### UNITED GENERAL THEATER, Inc.

#### STATEMENT of POLICY

United General Theatres announces the grand opening of another of its family theatres.

For many years we have been aware of the need in your community for a motion picture theatre that will consistently present films that adults and children can enjoy together.

We recognize the importance to you of having one place your children can go for motion picture entertainment and not be exposed to pornography.

We also are aware of the need for sensible admission prices. Prices that allow you and your children the opportunity to share a night of entertainment.

On behalf of our motion picture board of directors, Glenn Ford, Agnes Moorehead and Debbie Reynolds, we proudly dedicate our newest theatre to your community.

Sincerely yours,  
JOSEPH KOSSEFF,  
President  
United General Theatres, Inc.
